ANNUAL CONFERENCE EDUCATION EXPERTS

8TH-9TH APRIL 2025
Manama, Bahrain

Bahrain cannot develop its economy and society without a strong education system at its core. Education Experts provide a platform for Education Leaders to share their expertise and support schools in equipping students with the knowledge and skills necessary to take on the country's challenges and become tomorrow's innovators, entrepreneurs, and highly successful professionals. An outstanding education system that is fully inclusive and offers equal opportunities will ensure that Bahraini Citizens increase and strengthen their roles in all sectors of the economy.

WELCOME NOTE

Dear Participants,

On behalf of World Arena Ltd, I am honoured to welcome you to the Education Experts Bahrain 2024 Conference.

We are proud to be hosting this meeting of professionals across the spectrum of education. Whatever your role in the education industry, you serve a business that is vital to the economic growth in Bahrain.

Education is a strategically important industry. As custodians of the industry, you face a range of challenges in meeting these considerable and sometimes competing demands, so you need to be aware of the latest issues, strategies, technologies and solutions that can be employed. This conference itself retains its exclusivity as an ideal platform for gathering educators and meeting with industry leaders and experts. It will provide you with the opportunity to step aside from your usual routines. You would expect a dynamic and informative meeting, delivered through presentations, in depth roundtable discussions and panel debate questioning.

I wish to extend my grateful thanks to the delegates who have taken time out of their busy schedule to be with us. I would also like to extend our gratitude to our outstanding line up of speakers for sharing their knowledge and expertise. My profound appreciation goes out to all the sponsors, exhibitors and media partners for their contribution.

Our event management team are here to help you and answer any questions you may have. You will find us at the registration desk and throughout the conference area.

We look forward to bringing you two great days amongst industry colleagues and thank you for giving World Arena the opportunity to continue to serve this vital industry.

Have a great time and see you again next year!

BEN MORGAN
Conference Director

PLATINUM SPONSOR

ABT Assessments are standardized assessments built based on the international standards for Arabic and Islamic and cover all the four skills for Arabic (Reading, Listening, Writing, and Speaking) and all the six elements of Islam (The Holy Qur'an and Hadeeth, Islamic values and Principles, Islamic law and Etiquettes, Seerah and Islamic figures, Faith and Identity and Belonging)

Professional Reports

ABT assessments provide professional reports like Students mark sheet, Attainment report, The summary report to write SEF, Progress within the academic year report, The progress Year to Year report, The Progress Trends over time report, The student report within the academic year, The student growth report, The combined report (per the phases, Key stages, primary, Secondary etc.) and the comparison report.

Accurate Data

ABT Assessments provide valid data to help the school know the right level of attainment, and then the schools will use these data to measure the progress within the academic year and trends over time.

Alef Education is a leading K-12 education technology company based in the United Arab Emirates with a presence in the United States of America and Jordan. Alef Education was founded to transform the entire education experience for students. We believe in making learning personalized to the individual as well as engaging and exciting. The idea of Alef first came about in 2015 where it was conceptualized as a technology-enabled primary mode of the education system to address the needs of the local public school system in the United Arab Emirates. From that concept, the company's vision soon expanded to include digital educational transformation within the Kindergarten-to-Grade 12 sector globally.

Today, over 820,000 students in more than 4,000 schools in the United Arab Emirates, United States of America, Indonesia, and Morocco are using the award-winning Alef Platform.

Alef Education is committed to building engaged learning experiences for the 21st-century learner.

SILVER SPONSOR

PeoplePro was established in the year 2000 in India, very quickly branching out throughout India, Asia and Middle East through partnerships/franchises. The Middle East office functions out of Dubai. PeoplePro was conceived and envisioned as a social impact organisation that implements personal transformation initiatives in three sectors: Education, Corporate and Community.

PeoplePro has a robust research and development team, equipped to customize and contextualize content based on client needs, catering to schools (students, teachers, parents), universities, corporates. The prime focus is on equipping our clients with 'POWER SKILLS' or leadership skills, critical for facing future challenges. There are age specific and customised modules on over a 150 skills that are identified as crucial for each stage in life. These experiential learning – based modules are implemented as an integrated curriculum and/or special workshops in schools and universities

Curriculum Associates®

CO-SPONSOR

Curriculum Associates was founded in 1969 with a mission to make classrooms better places for teachers and students. Since then, we've partnered with educators to develop instructional and diagnostic solutions like i-Ready that empower teachers and school leaders to help every learner grow to their personal best. Today, over 12 million students around the world use our solutions. Our Literacy and Math programs, such as Magnetic Reading and i-Ready Classroom Mathematics are highly rated on edreports.com. We are exclusively represented in the Middle East and Africa by the Dubai-based education services company, EduEnhance. Together, we are working on offering localized literacy solutions for the Middle East that are culturally nuanced and highly inclusive.
